The Bethel Republican Town Committee is launching its 1960 drive for funds. This drive is under the Chairmanship of Arthur Lincoln, and Vice Chairmembers of the Town Committee will be making solicitations. The money raised in this drive local as well as nation-wide basis. Last year, the Bethel quota was reached; the quota for this year is considerably higher than last. In opening their fund raising campaign. members of the Finance Committee stated that political campaigns cost money, and in these days of the inflated dollar, cost a lot of money ... money which can only come from individuals. The financial support of all those interested in the Republican Party principles is essential and earnestly requested.

To prevent falls in this danger zone, Mrs. Lush suggested repairing broken steps; keeping toys, boxes, tools, and other articles off stairs; keeping small rugs away from the head or foot of stairs; providing hand rails; and having stairways well lighted.
